

SOUND AND LIGHT UK, TERMS AND CONDITIONS OF HIRE

For the purpose of these conditions, "The Company" shall be deemed to refer to " SLUK Hire", and "The Customer" to any company, partnership or individual who shall enter into any hire agreement with The Sound and Light Company which under the terms of English Law might be defined as a Contract. All equipment hired remains the property of the Company.

Hire charges are based on the period of the contract irrespective of whether or not the equipment is in use. Hire commences upon delivery to, or collection by, the Customer and ceases upon return to the Company. Equipment is not regarded as returned to the Company until it is checked and inspected by an authorised member of the Company's staff and a formal receipt issued on behalf of the Company.

Equipment hired will be entirely at the Customer's risk during the hire period and the Customer will be responsible for any loss or damage thereto howsoever arising. The Customer undertakes responsibility for insuring equipment against "all risks" to full replacement value. Any loss or damage to the equipment is to be reimbursed to the Company by the Customer to the full replacement value thereof.

The Customer will be responsible for ensuring that any relevant regulations, rules, or statutory provisions governing, or relating to, the use of the hire equipment shall be complied with during the period of hire and the Company in no way assumes liability for the consequences of any non compliance with any such regulations, rules or statutory provisions.

Equipment will be supplied to the Customer in normal working order; the Company's liability for any defect, or failure of the equipment hired is limited to the rectification of any defect or failure arising from normal usage.

The Customer undertakes to ensure that the Company's equipment shall not be used for any purpose beyond its capacity or in a manner likely to result in undue deterioration of the equipment.

The Company cannot be responsible for any injuries to personnel or damage to property consequential to and arising from any improper use of the equipment by the Customer or by any other person, whether or not authorised by the Customer during the period of hire.

Equipment must not be altered by the Customer or modified in any way. In particular, cables must not be cut, and plugs and sockets must not be rewired by the Customer. Any equipment found to have been modified or in anyway altered, and any cables or components found to have been damaged by cutting or attempts at modifications will be charged at replacement price upon return.

Any damage to, or failure of, or defect in any hire equipment must be notified to the Company within 24 hours of its occurrence, and confirmed in writing within three days of initial notifications. In the absence of such notifications the Customer will be charged with the cost of repair or replacement.

The Customer will be responsible for advising the Company as to the location of the hire equipment during the period of hire, and of any changes in such location.

No equipment hired from the Company may be taken outside of the Mainland of Great Britain, either to any offshore island or to any foreign country without the written consent of the Company.

It is an express condition of hire that the Customer shall not offer for hire to any third party or parties any equipment which is the property of the Company, without the written consent of the Company.

If agreed hire charges are not paid on the due date then the Company will reserve the right to repossess the hired equipment and will not be liable for any damages or loss which may be suffered by the Customer as a consequence of such repossession.

In the event of equipment ordered not being available for hire through circumstances beyond the control of the Company, the Company reserves the right to substitute equipment of similar quality for all or part of the duration of the hire.

No information or data contained in any of the Company's catalogues or price lists shall be deemed to constitute any part of a contract of hire, such information being for the purpose of general description only.

Before issuing any equipment for hire, the Company may require a deposit from the Customer which may be any sum up to the full replacement cost of the equipment hired. Similarly, the Company may, at its discretion require payment of the full hire charge in advance.
